Attendance: everyone

Notes:
- March will be our designated month for coding and testing
- created a team email for our Gantt chart
- first two weeks for backend? since it might take a while
- Cam found some Python tutorials for music players that we could use
- Django - helpful Python extension tool were going to use for our backend
- Heroku cloud database

Goals for next meeting:
- Produce music player no databases need, just simple file reading
- Explore a section of the project:
- Everyone be familiar with Django, Heroku

RESEARCH FOR 3/8 MEETING: Select a topic

User creation + verification	Xiyuan
Music Player + File reading	Cameron
Django architect	Max
Database manager	Isha
Connecting DB to Django	Austin
